

SHFEF Case Competition Participation Notification Sheet

Case competition Objective:

To provide students (a team of 3-5 students - only 3 will present on stage) with an opportunity to analyze and present solution to real issues faced by healthcare organizations. Students will do so using their knowledge and creativity, and thus will be judged on both the analysis of the case, response to questions at the end of the case study and their presentation skills. Each team will be provided with a Liaison and HealthCare Organization (HCO) mentor as sources for questions & as references. In addition to the experience gained by all participants, 1st - 3rd place bragging rights plaques & corresponding monetary awards of \$1000 - \$500 respectively are made to the institutions for both graduate & undergraduate programs. Also, students will get to attend a related career development educational event.
